

3 December 2010

**And the 2010 winner of the Outstanding Workplace of the Year is ... Dillon Consulting.** Those were the words from the stage at the 2010 Richmond Chamber of Commerce Business Excellence Awards annual gala held in mid-November.

Our Vancouver office, which happens to be located in the City of Richmond, was nominated for the award by our landlord, the British Columbia Institute of Technology and, following submission of a comprehensive and polished application, our local partners were interviewed by a member of the chamber's selection committee.

**Richard Pope** and **Paul Schaap** attended the event and were thrilled to accept the Outstanding Workplace award on behalf of all the staff of the local office. According to Richard and Paul, it's our staff who are responsible for making our [Workplace Outstanding](#) ... every day.

## CONGRATULATIONS TEAM VANCOUVER!
