Dear Paul,

Thank you for your generous support of people with spinal cord injuries and other physical disabilities through your participation in the eighth annual Ski and Snowboard Day held on February 15, 2008 at Craigeith Ski Club in Collingwood.

The day was a tremendous success and we were able to raise over \$75,000, thanks to all of you who chose to support our event. The sun was shining and the ski conditions were terrific on February 15th. We were particularly pleased that we were able to accommodate a number of our members to try the bi-skis for the first time and became hooked on the sport. The experience for the individuals was truly a positive one - everyone was thrilled with the opportunity.

In Ontario alone, seven people sustain a spinal cord injury every week, and face a future full of challenges they had never dreamed of meeting. A spinal cord injury is one of the most catastrophic and challenging health conditions. Survivors must rebuild their lives. Lifetime community-based follow-up by CPA Ontario with people discharged from acute and rehabilitation hospitals provides valuable support to maintain independence and quality of life.

We are proud of the effectiveness and the quality of the services you help us to provide, and want to thank you on behalf of the many clients who will benefit from your support. Thank you again for participating in our Ski & Snowboard Day - I look forward to your presence again next year.

Sincerely,

Lynn Miñeque
