23 December 2010

Congratulations to **Dave Wiebe** who was elected as treasurer of the Manitoba Section of the Institute of Transportation Engineers (ITE). ITE is a global community with approximately 17,000 members from 90 countries, which includes about 2,000 members in Canada. ITE is comprised of engineers, transportation planners, consultants, educators and researchers who work to promote the safe and efficient movement of people and goods.

Locally ITE is well represented by personnel from the City of Winnipeg, Winnipeg Transit, University of Manitoba and consultants. Historically at re-election time, the four members of the ITE executive advance one position (treasurer, secretary, vice president, president), so Dave is on the path to be the ITE president of the Manitoba Section in a few years.

CONGRATULATIONS DAVE !
