Toronto, ON M2J 4Y8

Dear Mr. Balfour:

RE: Tihamer Csiba

On behalf of the Water Environment Association of Ontario I would like to take this opportunity to extend a warm thank you to you and your organization. It is only with the generous support of employers such as yourself that associations such as ours can flourish. We all realize the busy schedules people have, as well as the great responsibilities each one of us undertakes. To allow your staff the opportunity to experience continuous learning and professional development by participating in association activities is admirable.

I thank you, not only on behalf of the Committee Chairs whose work is aided by volunteers, but by the entire WEAO membership. It is through your mentoring that the next generations will be successful and continue to improve upon the professionalism of the wastewater and water protection industry.

Sincerely,

Catherine Jefferson,  
Executive Director

cc: Tihamer Csiba
